

Please keep this page for your reference

Welcome to Tucker Arts Camp!

We look forward to having you join our community for a summer of creativity, culture and a lot of fun in the sun. Get ready to travel the world with Tucker Arts Camp! Please review the checklist below for the items your child will need each day at camp:

- **Masks:** 2 tight-fitting but comfortable masks. One main mask and one for backup.
- **Snack:** Snack is NOT provided during camp or After Care. Please pack snacks for your camper.
 - **We are a completely nut free campus. Please no peanut or tree nuts.**
- **Lunch**
- **Water bottle with name clearly labeled**
- **Sun protection** (sun screen and/or hat) **with name clearly labeled**
- **Clothes that can get messy with paint, etc.**
- **For Kindergarten children,** a change of clothes (including socks, shoes and underwear, just in case) with name clearly labeled. We recommend labeling your child's clothes.

Each day will vary somewhat as the creative process unfolds, however, we have included a brief description of what your child can expect during the course of a day at Tucker Arts Camp below.

- Children will check into their cohorts at 8:30 a.m. each morning to listen to a story, dance to live music, participate in movement activities, and make new friends.
- Within their assigned cohorts, children will begin their daily Art Studio rotations, with a break to enjoy a healthy snack provided by parents/guardians.
- Children will move on to a second Art Studio, then take a break to eat lunch, and play in our beautiful outdoor campus.
- After lunch, campers will gather once more in their cohorts to close the day with a music, games, and art.
- The Camp portion of the day concludes at 2:30p.m. For those that need additional child care, an After Care option is available until 5:30 p.m. for an additional fee.

We look forward to seeing you very soon!

Joe Fye, Camp Director
