**Jennifer Lootens, M Ed
Board President**

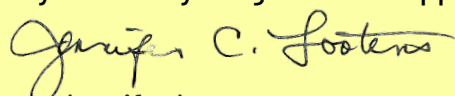

Dear Tucker Maxon community,

We had an amazing year in 2018-19. We started the fiscal year with 8 weeks of Tucker Arts Camp over the summer, with over half the weeks sold out with 294 children. We added new staff, including Kristi Petree, Dr. Jordan Nuccio, and Jennifer Lichtenberg. Sondra Schanbacher and Ben Wacker joined the Board of Directors. And Tucker Maxon was honored to be named one of the Best 100 Green Workplaces in Oregon.

There were too many highlights to list (see page 12), but here are some of our favorites. After a year-long effort, the State awarded Tucker Maxon School \$500,000 for capital improvements: new HVAC and LED lights. The Board began a true Endowment Fund at the Oregon Community Foundation thanks to the generous support of Emeritus Board member Peter Williams. We opened a new STEAM Lab in the Art and Music room, adding more Science to the mix. The Maui raffle, annual appeal, and auction all had record years. Tucker and AG Bell Oregon co-hosted the premiere of *The Listening Project* at the Hollywood Theatre.

We had several snow days and late starts. One amazing donor contributed \$100,000 to our programs. Our chapter in the Oxford University Press book *Co-Enrollment in Deaf Education* was published and soared to the top of most best sellers lists (just kidding). We built a green house and installed an indoor observational bee hive. And in April, we hosted 52 colleagues from across the country at the 2019 OPTION Annual Meeting. We held our first ever Dyslexia Night and tried Roger Focus devices on nine typically-hearing students. We ended the year with 36 children who are deaf or hard of hearing, and 64 children with typical hearing. Over the summer, outgoing principal Linda Goodwin passed the torch to new principal Jennifer Carver. It was a busy year, to say the least.

Thank you for all your generous support.

Jennifer Lootens

"Tucker Maxon truly is Portland's best kept secret. If parents knew about this school, they would send their children nowhere else."

Tucker Maxon Receives \$500,000 from the State of Oregon

One of the most amazing things to occur this year happened at the State Capitol in Salem. Tucker Maxon was granted a \$500,000 allocation from the state to help pay for a new HVAC system and other capital improvements. Here is a brief summary of how that happened.

In April 2018, Senator Laurie Monnes Anderson visited Tucker Maxon School for the first time. Senator Anderson's family helped found the school in 1947, and her sister was one of the school's first five students. Impressed with her visit, the Senator vowed to help the school obtain support. The following month, Rep. Rob Nosse made his first visit to Tucker Maxon and pledged his help. In September that year, Tucker Maxon Executive Director Glen Gilbert and the family of Board member Sondra Schanbacher met with representatives at the state capital. Senator Monnes Anderson drafted Senate Bill 352 the next month, and in December 2018, Glen spent three days in Salem during the State's annual Legislative Days, during which 16 representatives agreed to sign on as co-sponsors of the bill to provide urgent funding for capital improvements to Tucker Maxon.

Despite this support, success of Senate Bill 352 was never assured. In January 2019, an influential Senator published an article in the Portland Tribune entitled "We Can't Give What We Don't Have" using Tucker Maxon as an example of a good cause that might not be funded. In addition, the Board of the Oregon Association of the Deaf (OAD) came out against the bill in January. That month, we signed an agreement with TMS parent George Okulitch to lobby for the bill in Salem on our behalf. In February 2019, Glen and Board member Lee Vandegrift met with OAD and worked out an agreement for their support. It was an extraordinary turn of events that gave us hope we could succeed.

In April 2019, Tucker Maxon students, alumnae, and staff toured the capital, met with the Governor, and testified before the important Senate Education Committee. The Governor's General Counsel (and TMS parent) Misha Isaak provided wise counsel and support for the bill. Third grade student Zac Kean testified at a key Hearing and captivated our elected representatives. In early May, we were informed that we were added to the final budget that would need to be passed by both houses of the legislature. On June 20, 2019, all 11 Republican state senators for Oregon boycotted the legislative session. Their aim was to prevent a vote on a different bill. The negotiations to restart the session didn't end until 10 days later. On June 30th, the evening of the last day of the session, the omnibus budget bill was approved, and TMS was granted \$500,000 in funding.

Over the summer, Governor Kate Brown signed the bill and Tucker Maxon received the funds. Fortunately, months earlier, TMS had put out a Request for Proposals to select HVAC and lighting companies in advance.

New efficient LED lights were installed throughout both buildings just before the first day of school this fall, and on October 28, 2019, we had a "Thank You" assembly in the gym with the entire community to honor and thank Sen. Monnes Anderson and Rep. Nosse. A new boiler was installed in December 2019, representing the first phase in the installation of our new, energy-efficient HVAC system.
