Dear Tucker Maxon community,

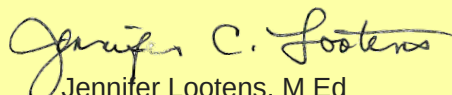

2019-20 was one of the most challenging years in the school's history. The year started on a high note with Jennifer Carver becoming the school's new Principal. Campus was buzzing all summer with Tucker Arts Camp. After two years of effort, we received a \$500,000 grant from the State to renovate our HVAC and replace all our old fixtures with LED lights. We welcomed several new staff members at an outstanding staff retreat at the end of August.

In the fall, we welcomed new board members Harris Hoffman, Dr. Chris Hargunani, and Marc Satterlee. We celebrated Patty Smith Day to honor Patty's 30th anniversary. Joe Fye began hosting family movie nights with the gym's cool new rear-projection movie screen. We thanked Sen. Anderson and Rep. Nosse for their help at an all-school assembly. Dennis Dees and the City helped us create the Tucker Maxon Goat Park next to the school. Cold and flu season hit the school hard over the winter, but by early March, the gym was standing room only for our annual Spring Concert. 92% of parents surveyed rated the School as excellent or good. Rick Sorensen was named as nonprofit CFO of the Year.

Then on March 13, the Governor closed all Oregon schools due to the Coronavirus pandemic. The State said the closure would only last a week or two. But teachers and staff went to work immediately to transition all classroom instruction to a distance-learning model. Everyone was frightened, but we did not let the crisis stop us. Teachers adapted with creativity and grace. Technology became key. Suddenly, we all needed cameras and microphones at home. Zoom calls and Google Meets became a part of our lexicon, and our lives.

By mid-June, the school was still closed, but we held a parade for all families, waving from their cars to our masked staff. Despite COVID-19, the school was still strong. By the end of the month, we launched Tucker Arts Camp again because children, and families, needed us. It was a challenging year, to say the least.

We thank you all for your generous support.
